

LCPS Summer Tasks, Years 1-2

There are many ways to learn and things to experience away from school. With the summer holidays here, how many of these tasks can you complete? Keep records of your efforts to share with your new teacher and classmates in September. There will be prizes for excellent effort and hard work.

Take a photo and create a piece of art from it.	Weigh fruit and vegetables in your shopping. What is the total weight?	Complete the reading challenge from the library.	Lay the table for a posh meal. Use a range of cutlery to eat.	Make a circuit with garden toys for your family to exercise.
Bake and decorate holiday cookies.	Complete a random act of kindness.	Invent a new game – create the rules and teach it to someone.	Number plates: what words can you make and sums can you solve?	Make a scrapbook including postcards, photos and leaflets from your summer.
Make a bubble-blower. How big is the biggest bubble you can make?	Go on a mini-beast hunt in your garden / local park / woods.	What did you do at 9am, 12pm, 3pm and 6pm?	Use natural materials to make a sculpture.	Play shop. Label the prices on toys and serve your friends or siblings.
22nd August - observe the 'Red Moon' in the night sky.	Create a family tree and interview an older family member about their childhood.	Build a rocket / car / ship / train out of recycling materials.	Get up and out early with your family to watch the sunrise.	Matchbox Challenge: how many different items can you fit into a matchbox.
