

LCPS Summer Tasks, Years 3- 6

There are many ways to learn and things to experience away from school. With the summer holidays here, how many of these tasks can you complete? Keep records of your efforts to share with your new teacher and classmates in September. There will be prizes for excellent effort and hard work.

Cook a meal: follow a recipe and change the ratios.	Total the steps your family have made this week. Create a graph of each family member.	Family reading: everyone chooses a poem and shares them aloud. Who has the best reading voice?	Go for a walk and notice an individual. Create a character description.	Photograph a wild animal.
Conduct a traffic survey on a safe road you know. Record your answers in different ways.	Identify the plants, shrubs and trees in your garden. Draw and label them.	Grow your own. Buy some seeds and nurture them through the summer.	Choose a new event to add to the Olympics. Persuade us to include it.	Film a music video.
How many words can you find within 'Supercalifragilisticexpialidocious'.	Build a rocket / car / ship / train out of recycling materials.	Get up and out early with your family to watch the sunrise.	Swim in an outdoor pool.	Shop with a family member and calculate the cost before you reach the checkout.
22nd August - observe the 'Red Moon' in the night sky.	Create a family tree and interview an older family member about their childhood.	Turn your table into a restaurant and serve your parents: design the menu, cook the food, lay the table.	Learn to count to 10 in as many different languages as you can.	Matchbox Challenge: how many different items can you fit into a matchbox.
